Dear County Executive and Council Members:

The attached agreement is for the use of Federal Highway Administration's discretionary grant program funds to design and implement a Work Zone Data Exchange project in St. Charles County. The implementation will provide technology to provide real-time work zone information to autonomous vehicles and through the use of mobile applications.

The anticipated cost of the demonstration project is \$250,000 of which \$200,000 will be paid by the federal reimbursement.
