RE: Bill for Introduction-Projected Tax Rates

Political subdivisions are required by Senate Bill 711 to furnish projected tax rates to the Registrar by April 8 so Projected Tax Liability Notices can be prepared by the Collector of Revenue. These notices are sent along with the Assessor's real property assessment notices to County residents to show property owners what their projected real estate tax bills will look like in 2022. The 2022 projected tax rates in this bill are based on the same tax rates levied on the 2021 real estate and personal property tax bills. The Road and Bridge tax is set at 19.88 cents and Dispatch & Alarm's rate is set at 3.82 cents. The General Fund tax rate remains at zero cents.
