Approved by Consent Agenda: TO BE COMPLETED BY COUNCIL STAFF ONLY

Title: Comprehensive Foristell Area Traffic Study RFQ [] RFP [] RFQ/RFP #: Pre-Qualified List

Dept: Transportation Contact Person: Amanda Brauer Ext.: 7490

Description (service, justification and use):

The County intends to complete a comprehensive traffic analysis of the Foristell growth area of western St. Charles County, on and around I-70 from Wright City in Warren County to David Hoekel Parkway in Wentzville, and requires professional engineering services. This study will focus on improvements to the I-70 Interchange at Routes T and W including outer roads. The study will also include the future needs of the existing intersection at Route W and West Meyer Road and the future intersection at Route T and Interstate Drive. To support the focus on the Foristell Study Area, traffic forecasting will be performed over a larger area to capture trips within the I-70/Route T/W traffic shed, the reason why portions of adjacent Warren County must be included in the study. This study will effectively position the analysis to transition into a future Access Justification Report (AJR), although an AJR is not included in this scope of work. The project team will coordinate with MoDOT when developing interchange concepts. This study plans to analyze three potential interchange concepts. The final Traffic Safety and Operations Report will present the preferred interchange such that an AJR can be readily adapted from the data collected in the study.

Award to: Lochmueller Group Location: 820 S Main St, Suite 207, St Charles, MO 63301

Was the vendor pre-qualified? Yes [checked] No []

Total negotiated price: \$ 229,592.00 Contract term: 1 year with no renewals.

Dear County Executive and Council Members:

The County intends to complete a comprehensive traffic analysis of the rapidly growing area surrounding the Route T & Route W interchange with I-70. This study will focus on improvements to the I-70 Interchange at Routes T and W including outer roads. The study will also include the future needs of the existing intersection at Route W and West Meyer Road and potential extension of West Meyer Road, as well as the future intersection at Route T and Interstate Drive and extension of Interstate Drive.

The study is anticipated to be complete in early 2023 at a cost of \$229,592 and will prepare the County and municipalities to submit federal funding applications for much needed projects in the 2023 funding cycle.

Please contact me at 636-949-7490 or abrauer@sccmo.org if you have any questions or concerns.

Sincerely,

A handwritten signature in cursive script that reads "Amanda J. Brauer".
