Dear County Executive and Council Members:

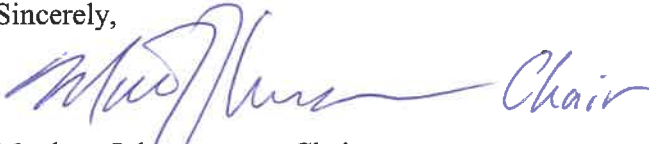

The Road Board met on May 25<sup>th</sup> in order to consider the reallocation of \$10 million within the 2022 TIP Budget to supplement \$10 million in ARPA funds for a new “pothole” repair program to replace broken concrete slabs and reconstruct asphalt roads that are in poor condition throughout the County.

These funds are available partially from the allocated funds for economic development projects, and partially from the reallocation of rollover funds from last year’s budget.

The Road Board is recommending this expenditure and sees the value in supporting the local jurisdictions in repairing local roadways.

We look forward to your favorable consideration and approval of this funding as well as the recommended ARPA funding for this initiative.

Sincerely,

Chair

Matthew Johannesman, Chairman  
St. Charles County Road Board
