RE: Bill for Introduction-Approval of Local Assistance and Tribal Consistency Fund Grant

The bill associated with this memo is for approval of a new grant award from the US Treasury Department. The grant proceeds of \$100,000.00 will be received in two installments; late this year and late next year. These funds are not included in the 2022 Budget but will be added to the 2023 Budget as one of the amendments to the Recommended Budget that will be introduced for Council approval next month.
