

MEMORANDUM

TO: Members of the County Council

FROM: Sara Evers, Department Acting Director *SME*

RE: Intergovernmental agreement with Mo Dept of Corrections

DATE: 5/18/2023

Department of Public Health (DPH) is seeking approval to enter into an intergovernmental agreement with the Missouri Department of Corrections to provide tuberculosis testing and vaccinations as requested. These services are utilized during baseline and/or new hire for employees, volunteers and interns for the Missouri Department of Corrections who often are located and conducting business in St. Charles County. DPH has maintained this agreement in the past, however a new agreement is needed to modify fees associated due to rising cost of medical supplies and treatments. This agreement will meet the need of the Missouri Department of Corrections and provide revenue to the Department.
