

## MEMORANDUM

**TO:** Members of the County Council  
**FROM:** Hope Woodson, Department Director  
**RE:** Recycling Fees  
**DATE:** 2/26/2019

---

Members of the Council,

The Division of Environmental Services is proposing a modification to the recycling center fees. Some of our current fees are set at the maximum rate allowed by ordinance. We are unable to increase these fees and keep-up with the market. Some commodities cost more to process than we are currently able to charge to offset. By modifying the fees, our centers can use a sliding scale to adjust fees accordingly and thereby recover as much of our expense as we can without deterring customers.
