

MEMORANDUM

TO: John Greifzu, Assistant Director of Administration

FROM: Craig Tajkowski, County Engineer *CT*

RE: Supplemental Agreement - MoDOT
Route 364/Gutermuth Interchange Project

DATE: March 26, 2019

As you are aware, engineering plans are being developed to construct a new interchange on Route 364 at Gutermuth Road. Plans have progressed to the point that right-of-way acquisition is underway. While the County Highway Department is serving as the lead agency on the project, the proposed improvements will eventually become part of MoDOT's system. As a result, a Supplemental Agreement is needed to authorize the County to proceed with acquisition of the needed right-of-way.

Attached you will find the proposed Supplemental Agreement. Following your review, kindly forward to the County Counselor's office for the drafting of the necessary ordinance authorizing the County Executive to execute the agreement.

If you have any questions or need additional information, please advise.
