Dear County Executive and Council Members:

The attached supplemental agreement revised the originally agreed upon scope for signal optimization corridors. The changes in scope include revisions to the number and locations of signals being optimized based on prior optimization completed. The project cost is expected to be within the originally requested grant amount and the upcoming construction contract will be reimbursed at 80% through Federal Project CMAQ-5414(634) as previously agreed to in Ordinance No. 18-094.

Please contact me at 636-949-7490 or abrauer@sccmo.org if you have any questions or concerns.

Sincerely,

A handwritten signature in black ink that reads "Amanda J. Brauer".
