Re: Intergovernmental Agreement with City of St. Peters and the Dardenne Creek Drainage District #3

For your consideration is an intergovernmental agreement with the City of St. Peters and the Dardenne Creek Drainage District #3 to execute a plan for clearing blockages along the Dardenne Creek. The City of St. Peters and the County are interested in creating a blueway route for canoeing and kayaking between Lakeside 370 and Riverside Landing. Trees and debris have clogged and need to be cleared in order for this to happen.

In 2019, the County Council authorized an Intergovernmental Agreement with the City of St. Peters and the Dardenne Creek Drainage District. Due to the severity of flooding experienced in 2019, this work was unable to be accomplished and the agreement expired. This agreement will allow for work to be completed in 2020. The total cost for this project remains the same as it was in 2019. The County’s share of this cost is $24,485.

Please let me know if you have any questions, concerns or would like to discuss further.

Thank you,

Ryan Graham
