RE: New Electrical Easement to Cuivre River Electric Cooperative, Inc.

DATE: 3/3/2021

For your consideration is right-of-way easement to Cuivre River Electric Cooperative, Inc for Matson Hill Park. This easement is necessary for Cuivre River to replace and bury existing electrical service in order to service the Daniel Boone Hays House, shelters, restrooms and future park amenities. Burying the lines will eliminate unsightly above ground lines that detract from this historic area and will help prevent power loss from downed trees and wildlife. The new electrical easement will be placed mainly along the along the new roadway which will facilitate easy access in case of the need for maintenance.

Please let me know if you have any questions, concerns or would like to discuss further.

Thank you,

Ryan Graham
