1200w Heavy Duty Stainless Microwave Oven

**Indicate Yes or No if
Product Bid Meets or
Exceeds Specs**

Computerized touch control operation, 10 microprocessor-controlled programmable memory pads that provide one-second increment timing.

Two-way programming uses any of 10 pre-programmed memory pads, which can easily be converted to 20 memories or programmed manually for special needs or times. 3-stage programming for added flexibility.

Microwave oven's lighted digital display shows programmed and elapsed heating times, plus percentage of microwave power, all with the highest level of accuracy.

Dual magnetrons are designed for dependability and even heating. If one magnetron fails, the oven continues to work at half power.

Top and bottom feeding provides unparalleled cooking, heating, and defrosting performance.

Both the top antenna and the bottom antenna have a motor to distribute the microwaves evenly throughout the oven.

Heavy-duty grab handle offers easy access, Rubber-sealed ceramic shelf ensures ease of cleaning, while the oven light and see-through door offer maximum visibility.

Comes with a mounting plate for easily securing one oven on top of another, making the most efficient use of space.

Other features for this commercial microwave oven are:

Memory Lock prevents stored information from being erased during power interruptions or off times.

Express Defrost divides total defrosting time into 3 stages (using 3 power levels) for quick results.

SelectaPower&Trade provides 11 variable power levels for precise control.

Counter Check keeps tabs on oven usage, remembering how often each feature is used and the number of manual uses.

Memory Check lets the user confirm time setting and power level for each memory pad. The double quantity pad automatically adjusts to provide optimum heating times for two portions.
