### **CAULKS HILL ROAD TO CLOSE BETWEEN GEORGIAN OAKS DRIVE AND LAKEVIEW DRIVE STARTING NOV. 12**

Section between Georgian Oaks Drive and Bluff Forest Lane will reopen Nov. 12

**ST. CHARLES COUNTY, MO** – The St. Charles County Highway Department will close Caulks Hill Road on Tuesday, Nov. 12, weather permitting, between Georgian Oaks Drive and Lakeview Drive to allow for continued construction of the new Caulks Hill Road improvements. Before this section closes, the section of Caulks Hill Road between Georgian Oaks Drive and Bluff Forest Lane will reopen Nov. 12, weather permitting.

Traffic will be required to use the signed detour route for approximately seven weeks while the new road section is being built. Local traffic can access either side of the closure location, but no through traffic will be permitted. Motorists can access Caulks Hill Road using Towers Road to Pitman Hill Road to Greens Bottom Road. Signs notifying motorists of the closure and the necessary detours will be posted. The county will be using changeable message boards to notify residents of any date changes of the closure and opening.

This road project is part of a continuing effort by St. Charles County Government to improve the county's road system for the safety of the traveling public. The Caulks Hill Road project includes wider lanes and the addition of curbs, gutters and sidewalks. The road alignment will also be improved to provide better sight distance for drivers.

For more information about road projects underway in unincorporated St. Charles County, please call the Highway Department at (636) 949-7305.
