

Femme Osage Ridge Road To Close At Creek Nov. 14

Nov. 8, 2012

Contact: Nathan Tormala, Construction Manager, 636.949.7305

St. Charles County – Femme Osage Ridge Road will be closed at Femme Osage Creek beginning Wednesday, Nov. 14, to allow for replacement of a low water crossing.

Traffic will be required to use the signed detour route for approximately eight weeks while the new creek crossing is built. Local traffic can access either side of the closure location, but no through traffic will be permitted.

Message boards will be in place to notify residents of the closure and eventual re-opening, and a detour route will be posted.

This road project is part of a continuing effort by St. Charles County Government to improve the county's road system for the safety of the traveling public. Contact the St. Charles County Highway Department at 636.949.7305 for additional information concerning road projects underway in unincorporated St. Charles County.
