

St. Charles County Novel Coronavirus 2019 (COVID-19) UPDATE

(as of 4:45 p.m., April 3, 2020)

St. Charles County Government and the Department of Public Health continue activities to mitigate the impact of the COVID-19 pandemic in this community. County officials are working closely with local, regional, state and federal partners to investigate the illness, monitor individuals who may have been exposed to the virus and implement procedures to reduce the spread of illness. Staff is also connecting with community partners in health care, education, businesses, community services and other areas to provide support to those organizations and the clients they serve.

At this time, the St. Charles County Department of Public Health reports the following:

Persons being monitored	534
Persons who have completed monitoring period	417
Number of tests pending at the Missouri State Laboratory*	4
Number of negative tests*	23
Number of positive tests	151
COVID-19 deaths	6

**Tests are being performed at both the Missouri State Laboratory and through private testing laboratories. The number of negative and pending tests is reported to the Department of Public Health by the Missouri State Laboratory only; private labs do not report pending or negative tests to the health department.*

Today's News:

- Residents have reported that phone scammers are impersonating County and municipality officials and asking for personal information, including Social Security numbers, related to COVID testing. County and municipality officials and volunteers WILL NOT ask for this type of personal information during contact investigations, and individuals SHOULD NOT give this information to anyone. For concerns related to this, individuals should email healthservices@sccmo.org.
