SEEBURGER ROAD BRIDGE

Project Location:

Bridge over a tributary to the Mississippi River on Seeburger Road between South Shore Drive and Highway B

Project Description:

This project involved the replacement of a structurally deficient bridge on Seeburger Road over a tributary of the Mississippi River. The bridge was replaced with a wider box culvert structure. The new structure was constructed to provide an overall width of 36-feet to provide for two 12-foot travel lanes and 6-foot-wide shoulders. Only minor roadwork was completed to tie the new structure into the existing roadway.

Project Status: Construction completed

Original Project Funding:

TOTAL	County	Sponsor	Federal	Other
\$607,000	\$167,000	\$0	\$440,000	\$0

Final Project Total: \$406,901

Final County Contribution: \$141,622

Completion Year: 2021
