ROUTE 364 INTERCHANGE @ GUTERMUTH ROAD

Project Location:

New interchange on Route 364 at Gutermuth Road

Project Description:

This project consisted of a new interchange on Route 364 at Gutermuth Road. This was accomplished with the construction of on and off ramps to access the freeway, while using the existing Gutermuth overpass in place. To install a proper acceleration lane, the westbound Route 364 bridge over Crooked Creek was widened. Roundabout ramp termini were utilized to provide efficient traffic operations and lower maintenance costs. This project provided for a much-needed interchange between the two interchanges on Route 364 with Mid Rivers Mall Drive and Highway K. Both corridors experience heavy congestion, delays, and have high crash rates due to the large areas they provide access to and the resulting high traffic volumes. The addition of this interchange provides relief to this congestion and improves the overall mobility by converting an existing collector road into a north-south arterial to better serve the surrounding area.

Project Status: Construction Completed

Original Project Funding:

TOTAL	County	Sponsor	Federal	Other
\$9,000,000	\$4,500,000	\$0	\$1,500,000	\$3,000,000

Final Project Total: \$8,629,640

Final County Contribution: \$4,251,557

Completion Year: 2021
