EXECUTIVE CENTRE PARKWAY

Project Location:

New intersection and roadway connection between Executive Centre Parkway and Jungermann Circle

Project Description:

This economic development project provided for the redevelopment of the Marriott Hotel and the expansion of BJC Hospital Campus located south of I-70 just east of Executive Centre Parkway. To support this development the St. Charles County Road Board assisted the City of St. Peters by helping fund a new loop road to provide better site access and traffic circulation in the area. The new 2-lane concrete roadway included the construction of two new roundabouts including a new roundabout intersection to connect Jungermann Circle with Executive Centre Parkway. The project also included access improvements to Route 370, Veterans Memorial Parkway, and St. Peters South.
