## LAKE SAINT LOUIS BOULEVARD EXTENSION PHASE 1

### Project Location:

Lake Saint Louis Boulevard from Route N to Paul Renaud Boulevard

### Project Description:

This project was the first phase of the extension of Lake Saint Louis Boulevard south of Route N. The portion from Route N to Haycastle Drive was constructed as part of The Villages at Shady Creek development. This project built the remaining portion of from Haycastle Drive to Paul Renaud Boulevard. This project also included improvements at the intersection of Route N and Lake St. Louis Boulevard which included installing a signal and ADA compliant pedestrian facilities. The roadway was constructed as a parkway, comprised of a 3-lane section which allowed for the construction of a center median island in areas where a left-turn lane was not needed. To accommodate pedestrians and bicyclists, the project included a sidewalk along the west side and a multi-use path on the east side of road. The project also constructed a roundabout at the new intersection of Lake St. Louis Boulevard and Paul Renaud Boulevard. The funding listed below as “Other” was provided by the Developer.

**Project Status:** Construction completed

### Original Project Funding (Design, R/W & Construction):

TOTAL	County	Sponsor	Federal	Other
\$4,800,000	\$2,160,000	\$540,000	\$0	\$2,100,000

**FINAL COUNTY Contribution:** \$1,212,372

**Completion Year:** 2018

**Sponsor:** City of O'Fallon
