## JUNGERMANN ROAD BOONE HILLS DRIVE CULVERT REPLACEMENT

### Project Location:

Jungermann Road from Boone Hills Drive to approximately 200-feet north of Boone Hills Drive

### Project Description:

This project replaced a structurally and hydraulically deficient box culvert located on Jungermann Road just north of the intersection with Boone Hills Drive. An inspection of this culvert determined that the reinforced concrete and steel beam sections were in poor condition and in need of replacement. In addition to the replacement of the box culvert, the project included intersection improvements at Jungermann Road and Boone Hills Drive. These improvements included turning radii improvements, replacement of the existing traffic signal, and upgrades at the intersection to provide for ADA compliant pedestrian facilities.

**Project Status:** Construction completed

### Original Project Funding (Design, R/W & Construction):

TOTAL	County	Sponsor	Federal	Other
\$1,141,300	\$913,000	\$228,300	\$0	\$0
