MID RIVERS MALL DRIVE RIGHT TURN LANE IMPROVEMENTS

Project Location:

Mid Rivers Mall Drive from Mid Rivers Mall Entrance to McMenemy Road

Project Description:

This project provided for an additional lane on Mid Rivers Mall Drive, an existing 5-lane arterial road with a center turn lane, curb and gutter, storm sewers, and sidewalks. This portion of Mid Rivers Mall Drive is lined with various retail and restaurant developments. During the AM peak hour, the existing roadway is able to handle the existing traffic volumes. However, once retail businesses open Mid Rivers Mall Drive quickly becomes congested, especially in the northbound direction. Therefore to reduce congestion and travel delay, the project separated the northbound through traffic from traffic intending to turn right into adjacent retail developments. The addition of a lane allows for three northbound lanes from McMenemy Road to the I-70 Interchange.

Project Status: Construction completed

Original Project Funding (Design, R/W & Construction):

TOTAL	County	Sponsor	Federal	Other
\$982,735	\$786,188	\$196,547	\$0	\$0

FINAL COUNTY Contribution: \$658,340
