

Commemorative Tree Program

Our Commemorative Tree Program enables you to celebrate all of life's special events while giving back to nature. Trees are \$300 each, which includes planting and horticultural care by St. Charles County Parks staff. They are planted in spring or fall and have 10-year guarantees from the planting date. Most of the commemorative trees are native to Missouri, making them better suited to withstand the weather extremes of the area. **Please note: Plaques are not included in this program and no personal items may be left at the commemorative tree sites.**

Commemorative trees can be ordered by downloading and completing the form below and then click the "SUBMIT" button. Or, if you prefer, you can drop off or mail a completed form: St. Charles County Parks Department, Attn: Parks Foundation, 201 N. Second St., Suite 510, St. Charles, MO 63301.

Payments can be made by check or money orders and submitted with the form. Please make your check or money order payable to the **St. Charles County Parks Foundation**. Online ordering is available through PayPal at stccparks.org/ParksFoundation. After your order has been processed Parks staff will contact you.

The St. Charles County Parks Foundation is a 501(c)(3) non-profit organization with a mission to provide financial and volunteer support for St. Charles County Parks. For more information about the Commemorative Tree Program or other opportunities to support our parks, call the Parks Department at 636-949-7535.
