WESTWOOD DRIVE AT MOTHERHEAD ROAD

Project Location:

Intersection of Westwood Drive with Motherhead Road

Project Description:

This project provided for the realignment of the intersection of Motherhead Road with Westwood Drive. The existing intersection was skewed and had poor sight distance. To improve the intersection, the Motherhead Road was realigned to intersect Westwood Drive at 90-degrees. Motherhead Road was reconstructed to match the existing 3-lane section with curb and gutter and sidewalk on both sides of the road. Westwood Drive was widened to a 3-lane section to provide for a left-turn lane from Westwood Drive to northbound Motherhead Road.

Project Status: Construction completed

Original Anticipated Project Cost: \$630,000

FINAL PROJECT TOTAL (Funded 100% by County): \$632,157

Completion Year: 2017
