## **FIFTH STREET - FIRST CAPITOL DRIVE TO BOONE'S LICK ROAD**

### **Project Location:**

Fifth Street from First Capitol Drive to Boone's Lick Road

### **Project Description:**

This project provided for improvements on Fifth Street to improve traffic flow and safety through the corridor. These improvements included access management, narrowing lanes, and removing merging lanes. The roadway was reconfigured to a 4-lane section to provide for two northbound lanes, one southbound lane, and a center two-way left-turn lane. To better promote pedestrian access along the corridor, streetscape enhancements were made which included a landscaped treelawn, street lighting, and placing overhead utilities underground.

**Project Status:** Construction completed
