SALT RIVER ROAD PHASE 1

Project Location:

Salt River Road from Spencer Road to Bridge over Dardenne Creek

Project Description:

This project was the first phase of the extension of Salt River Road which included the construction of three new segments of roadway. The first extended Salt River Road west of Spencer Road to Iffrig Road, crossing Spencer Creek with a new bridge. This segment connected to an existing segment of Highway C, between Iffrig Road and Mid Rivers Mall Drive, that was reconstructed and realigned as new Salt River Road. The final segment extended Salt River Road west of Mid Rivers Mall Drive to a new bridge over Dardenne Creek connecting to the portion of Salt River Road constructed by County Highway (Salt River Road Phase 2). The road was constructed as a 4-lane section with 2-foot shoulders and was widened to a 5-lane section at the intersection with Mid Rivers Mall Drive to provide for left-turn lanes. The project also included the installation of two new signals at the intersections of Salt River Road with Spencer Road and Mid Rivers Mall Drive.

Project Status: Construction completed

Original Project Funding (Design, R/W & Construction):

TOTAL	County	Sponsor	Federal	Other
\$19,713,000	\$11,237,450	\$8,475,550	\$0	\$0

FINAL COUNTY Contribution: \$11,167,334

Completion Year: 2013

Sponsor: City of Saint Peters
