CAULKS HILL ROAD PHASE 2

Project Location:

Caulks Hill Road from Towers Road to Greens Bottom Road

Project Description:

This project provided for improvements to Caulks Hill Road. The existing 2-lane roadway was narrow with no shoulders and substandard vertical and horizontal curves. The improvements included reconstruction of the roadway with standard 12-foot lanes and curb and gutter. The roadway was also widened to provide for left-turn lanes at the intersections of Caulks Hill Road with Greens Bottom Road and Towers Road. To better accommodate pedestrians, a 5-foot-wide sidewalk was provided along the west side of the road.
