## **SALT RIVER ROAD PHASE 2**

### **Project Location:**

Salt River Road from Bridge over Dardenne Creek to Route 79

### **Project Description:**

Prior to the construction of this project, Salt River Road terminated east of the interchange at Route 79, just south of Arrowhead Industrial Boulevard. This project widened that existing 2-lane portion of Salt River Road to 4-lanes and extended Salt River Road east on a new alignment to a new bridge over Dardenne Creek, providing a new roadway connection between Route 79 and Highway C. This new portion of Salt River Road was constructed as a 4-lane section with 4-foot-wide shoulders. Left-turn lanes were provided at all major side road intersections.

**Project Status:** Construction completed

**Final Project TOTAL (Design, R/W & Construction):** \$5,636,056

**Final Federal & MoDOT Cost-Share Contribution:** \$3,479,604

**FINAL COUNTY Contribution:** \$2,156,452

**Completion Year:** 2015

**Contact:** County Highway
