Certification
The Firm understands and agrees that by signing the statement of Qualification document, the Firm certifies the following:

The Firm shall only utilize licensed professional personnel who have had their qualifications submitted as part of the Firm’s Qualifications document (or subsequent updates). All personnel utilized must be authorized to work in the United States in accordance with applicable federal and state laws. This includes but is not limited to the Illegal Immigration Reform and Immigrant Responsibility Act (IIRIRA) and INA Section 274A.

If the Firm is found to be in violation of this requirement or applicable federal, state and /or local laws and/or regulations, and if the County of St. Charles has reasonable cause to believe that the Firm has knowingly employed individuals who are not eligible to work in the United States, the County shall have the right to cancel the contract immediately without penalty or recourse and suspend or debar the Firm from doing business with the County.

The Firm agrees to fully cooperate with any audit from federal, state, or local auditor or investigation by federal, state, or local law enforcement agencies.
Employment of Unauthorized Aliens Prohibited (Missouri Revised Statutes Section 285.530)

As a condition for the award of any contract or grant in excess of five thousand dollars by St. Charles County to a business entity (Firm), the business entity shall, by sworn affidavit and provision of documentation**, affirm its enrollment and participation in a federal work authorization program (E-Verify) with respect to the employees working in connection with the contracted services. Every such business entity shall sign an affidavit affirming that it does not knowingly employ any person who is an unauthorized alien in connection with the contracted services. [RSMO 285.530 (2)]

An employer may enroll and participate in a federal work authorization program (E-Verify) and shall verify the employment eligibility of every employee in the employer’s hire whose employment commences after the employer enrolls in a federal work authorization program. The employer shall retain a copy of the dated verification report received from the federal government. Any business entity that participates in such program shall have an affirmative defense that such business entity has not violated subsection 1 of this section. [RSMO 285.530 (4)]

Any entity contracting with St. Charles County shall only be required to provide the referenced affidavit on an annual basis. A copy of the affidavit is included in this Qualification request. Firms may choose to send the required documentation using one of the following options:

- Send the notarized affidavit and E-Verify MOU signature page to: St. Charles County, Attn: Purchasing Manager, 201 N Second Street, Room 541, St. Charles, MO 63301 prior to responding to any solicitations; **OR**
- Send the notarized affidavit and E-Verify MOU signature page along with a Qualification solicitation response.

These documents will be kept on file. The notarized affidavit and E-Verify MOU signature page will remain current for **one year** from the date of the notarized affidavit.

** PLEASE NOTE: Acceptable enrollment and participation documentation consists of a valid copy of the signature page of the E-Verify Memorandum of Understanding, completed and signed by the Firm, and the Department of Homeland Security - Verification Division

The online address to enroll in the E-verify program is:

**Veteran Friendly Employment Policy**

"Indicate whether you have developed a veteran friendly employment policy and, if so, attach a copy of such policy to your response as a point of information."

Please include a copy of your veteran friendly employment policy with your submission.

**Open Records**

Any and all information contained in or submitted with the proposal becomes a public record subject to the Missouri Sunshine Law when a contract is executed or all proposals are rejected. If Proposer believes that any information contained in or submitted with the proposal is protected by the Missouri Sunshine Law, Proposer must clearly identify what information Proposer believes is so protected and must also clearly identify the legal basis therefor.
The St. Charles County Department of Parks and Recreation is advertising a Request for Qualifications (RFQ) for design and engineering services to prepare construction bid documents needed for Riverside Park. The park is located at the confluence of Dardenne Creek and the Mississippi River in St. Charles County Missouri.

The scope of this project may include but not be limited to the following:

Finalize the design represented by a concept plan prepared by the consultant as part of its response to this RFQ.

- Determine cost estimates for construction.
- Prepare the construction drawings and specifications necessary for bidding and development.
- Obtain all reviews, approvals and permits required for the proposed construction.
- Assist County in construction bidding, selection of Contractors, construction administration and observation.

The goal is to realize a development that is a regional destination, showcases the park’s natural resources, provides access to the Mississippi River, camping at the confluence of Dardenne Creek and the Mississippi River.

The site has been operated as a boat harbor with 2 boat ramps, boat storage, and a residential home. The county seeks to retrofit this site to a public park with boat ramps, docks, camping, restrooms, green space, bird watching, gathering space with fire pit, water play area and access to Dardenne Island. The consultant’s services shall include electric, water, sewer, and communication services needed to support the proposed re-development of the site.

The consultant should evaluate if the County should offer fuel and if so, the design should include a fuel dock, storage tank, and infrastructure for a self-service and self-pay system.

The consultant shall evaluate the feasibility of a pedestrian bridge across Dardenne Slough. This study shall include a bridge type analysis to determine the best option for this type of structure and the pros and cons of each. The slough is approximately 600 feet wide from bank to bank.

The site primarily consists of four (4) parcels: former boat harbor, flood buy-out parcel, private river campsite, and a parcel owned by the Army Corps of Engineers (Dardenne Island). There are easements (pipeline, sewer, overhead electric lines) and it is in the floodway of the Mississippi River that must be taken into consideration.

The consultant shall also evaluate the buildings on the site to determine if they can be re-used or torn down and replaced. The existing shoreline protection shall also be evaluated to determine if additional measures should be taken to protect the banks from erosion and scour and measures to be taken to remove pieces of steel, glass, and other hazards in order to make access to the water safer and easier.
The consultant shall also include design plans (including right-of-way plans) for a greenway between Lakeside 370 Park in St. Peters and Fountain Lakes Park in St. Charles and Riverside Park. Property acquisition and construction of this greenway is not included in the construction budget of $650,000 given below. There are various possible routes that the consultant could consider which include Hayford Road, Huster Road, or levees along Dardenne Creek.

The consultant will be responsible for the preparation of construction bid documents and construction administration and inspections.

Design Teams should submit their Professional Qualifications for review and consideration. Items of special interest in the review of qualifications include demonstrated understanding of this project and the performance of similar projects in the last 5 years involving the key personnel proposed for this project. The Design Team’s qualifications submitted for consideration should include but not be limited to the following:

- Professional Capabilities and Relevant Experience of the Design Team
- Design Team Organization and approximate percentage of the project for each team member.
- Qualifications of Key Personnel
- Current Workload/Capability to do the Work
- Project Understanding
  a. Concept Plan
- Project Schedule - to include estimated hours

A Concept Plan has been developed by St. Charles County parks staff (attached); however, as part of the consultant’s submittal, it shall provide a Concept Plan to demonstrate the consultant’s understanding of the project and assumptions included in submittal. The Concept Plan should be based on the consultant’s familiarity with Riverside Park and the market for boating, camping, hiking, cycling, and outdoor activities in this area of the St. Louis Region. The Concept Plan can include other amenities or improvements not described above that based on the consultant’s experience would make Riverside Park a regional destination, showcase the park’s natural resources, or enhance access to the Mississippi River. These items can be included in the base proposal or as add alternates. Should the consultant conclude in its opinion that a bridge across Dardenne Slough is not feasible or that construction and ongoing maintenance cost outweigh the benefits of a bridge, it is not required to include a bridge as part of its concept plan; however, the plan should propose an alternate means of access to Dardenne Island (bridge is not included in $650,000 budget). Further, if the consultant, in its opinion concludes that any of the items described above or shown on the County’s Concept Plan are not feasible, cost prohibited, or detract from the natural beauty and goals for this park, these items do not need to be included as part of the consultant’s Concept Plan. The total cost of construction shall not exceed $650,000(excluding greenway trail and pedestrian bridge).
Proposals will be evaluated and reviewed by a selection committee. Further steps in the selection process may include interviews with selected firms and will be at the discretion of the selection committee. Any evaluation criteria, weighing of criteria, or ranking is used only as a tool to assist in selecting the most qualified firm for this project. General evaluation criteria are as follows:

- **Experience and Technical Competence** 5 points maximum
- **Capability and Capacity** 5 points maximum
- **Past Record of Performance** 10 points maximum
- **Project Understanding** 50 points maximum
- **Schedule** 30 points maximum

The County and the highest ranked firm shall attempt to negotiate a professional service contract that includes a detailed scope of work to be provided and the compensation for those services. If an agreement is not possible then the County will attempt to negotiate an agreement with the next highest ranked firm.

The deadline for proposals is 2:00 PM on April 12, 2018. Please include “RFQ 18-059 Riverside Park Design and Engineering Services” with the due date and time on the outside of the sealed envelope. Include one signed “original” and two signed copies of the proposal.
